

CLEAN ROOM DOOR

Clean room environment is required at a place where there is high risk of air contamination through environmental pollutants like dust, airborne microbes, aerosol particles and chemical vapor.

Designed for excellence, Metaflex clean room doors provide optimum solution for the needs in pharmaceutical, hospitals, commercial & retail environment where there is a need for clean air. Our clean room doors are custom made to suit the requirements from these sectors. Our clean room door helps in preventing the dust particles or pollutants enter into the room. The door is insulated with high quality PU and there is a provision for double insulated glass vision panel. Available in variants like single leaf and double leaf, Metaflex clean room door is made of high quality material with absolute insulation.

Metaflex - Open To The World, Close To You

Metaflex India, an ISO 9001:2008 certified organization, is a leading manufacturer of insulated doors. Its footprint stretched over a wide range of product portfolio, spanning hermetically sealed OT doors, radiation proof doors, fire resistant doors, cold room doors, controlled atmosphere doors, industrial doors and dock solutions. The company caters to the wide array of industries like healthcare, pharmaceutical, cold chains, food processing and industrial units

Our group company, Metaflex Doors Europe (MDE), headquartered in Aalten, is the largest manufacturer of insulated doors in Netherlands and has a wide presence globally, be it Europe, Africa, South East Asia or Middle East.

Founded in 2007, MDI has an illustrious history. The integrity, transparency, dedication, resourcefulness and determination to succeed are the characteristics of the group today and the cause of building a sustainable business. The company has set the benchmarks in the field of innovation. It was the first company in India to innovate and launch 100% hermetically sealed doors made from inorganic material that doesn't lead bacteria grow and prevents cross contamination. This innovation brings the phenomenon of focusing on patients' safety in Indian healthcare industry.

We have a presence across India with headquarter and state of the art manufacturing unit in Greater Noida and branch office in Bangalore. We cater to 120 cities across 16 states in India.

Our sheer commitment towards sustainability makes it not optional, but a business imperative for us. Metaflex has always adhered to the sustainable approach to business and has helped its clients in conducting their business in a sustainable manner.

We are aware that growth is inseparably linked to the well-being of our ecosystem - employees, business partners, society and the environment.
